

The Power of Swat.io

Explore all our features now and discover how Swat.io can simplify your daily work for you and your team. Save valuable time on routine tasks and focus on what truly matters.

Alle Features

in a easy to use

Cheat Sheet

The screenshot displays the Swat.io Publisher interface. On the left is a sidebar with navigation options: Spacehub, Dashboard, Inbox, Comments, Publisher (highlighted), Analytics, and Reports. Under 'Publisher', there's a list of filters: 'Alle' (401), 'Mir zugewiesen' (4), 'Anderen zugewiesen' (36), 'Bereit' (12), 'Veröffentlicht' (19), and 'Entwürfe' (19). Below this is a 'Kanäle' section with three Spacehub channel options. The main area shows a calendar view for the week of March 22nd to 26th. The 'Publisher' tab is selected. The calendar shows posts for each day: Monday (March 22) has a post about a birthday brunch; Tuesday (March 23) is empty; Wednesday (March 24) has two posts, one about coworking spaces and another about creative ideas; Thursday (March 25) is empty; and Friday (March 26) has a post about networking events. Each post card includes a time slot (12:30), a thumbnail image, a title, a description, and engagement metrics (likes, comments, shares).
